Jan 2021 - July 2021

INTERESTS

Playing guitar, running, cooking
and drifting

PROJECTS

Stock News

Worked in a team of 3 to develop a stock research app that fetches real-time data from third party APIs. Created wireframes and designed a responsive front-end with LucidChart, PureCSS and JS.

Vinyl is Plural for Vinyl

Led front-end development to create an app for users to trade, sell, and buy vinyl records using DiscogAPI for data and Bootstrap as framework.

Weather Dashboard

Launched a web app that presents weather conditions for any city using data from OpenWeatherAPI and Bootstrap as framework.

EMPLOYMENT HISTORY

Freelance Web Developer

Durham

Aug 2021 — Present

Working closely with a brand designer to build and launch websites. I focus on building flows that provide functional web solutions for local businesses.

Assistant Manager, TD Seafood

Kannapolis

May 2020 — Feb 2021

Managed online media presence and led inflow of clients while maintaining staff duties.

Owner, Thang's Wangs & Waffles

Morrisville

Apr 2019 — May 2020

Founded a food truck and catering business serving customers in Durham, Mebane, and Charlotte. I designed the website, brand identity, and menus using Wix and Illustrator.

Freelance Web Designer

Chapel Hill

Jan 2017 — Apr 2019

Designed branded websites, print, and marketing materials for NC TraCS Institute, Fusion Fish, Yung Nay Catering, and Mizu Kitchen.

EDUCATION

Psychology BS, UNC CH

Chapel Hill

Aug 2014 — May 2018

Carolina Covenant Scholar
